COVID-19 ENFORCEMENT AND COMPLIANCE

Dear Friends,

In a time where large gatherings have been placed on hold, we want to offer our space to service your needs. While we adapt to our new normal, we want to work together and continue to create memorable experiences and productions. The Bourbon Room can help facilitate and be home to your next live stream concert, film or TV production, summit, webinar, virtual brand experience, reading and more. Our 8000 square foot space with a million dollar sound and lighting system are perfectly built to welcome these unique experiences.

OUR COMMITMENTS TO YOU FOR A SAFE SPACE

Below are just a few procedures we are implementing to make our beloved space safe:

- TBR Staff members to be extensively trained on CDC sanitation guidelines and practices.
- TBR Staff members all to be equipped with the proper face masks, gloves, access to hand washing stations, and hand sanitizer.
- Hand sanitizer will be conveniently placed within the stages, support rooms and near doorways for client and crew to use at any time.
- TBR will be thoroughly cleaned and disinfected in accordance with CDC guidelines prior to client moving into the space.
- TBR has teamed up with our neighboring hotel, DREAM HOLLYWOOD to allow the option of a quarantined crew prior to and during the time of your production. Dream Hollywood is offering safety benefits for your crew members including private floor access, private elevator access, touch free check in and more. Ask us for more details and to be connected with our partners at Dream Hollywood.
- TBR will provide a no touch thermometer that clients can use to check temperatures for crew members upon their arrival.

We promise to continuously update our systems and protocols as more information and technologies become available.
